

Inquiry

Access to sales reps and customer service

- Customer service is available to answer questions about products, services and alternatives.

Customer Connect Portal

- The Customer Connect Portal has a new look.
- Kit codes for all Orthokits have been moved to a standard naming convention.
 - Your favourite kits will still be visible in the Customer Connect Portal.
 - You can continue to check prices of products through the Customer Connect Portal.

Quotation based orders

- Quotation orders can be processed directly from the quotation reference, making it much quicker and easier.

Ordering

Automatic ordering via EDI

- Our automatic data interfaces have been upgraded and tested against yours, so there should be no impact.

Ordering via customer service phone line

- Product codes for all Orthokits have been moved to a standard naming convention.
 - Our team will be happy to assist with your order request either by phone or email.

Order confirmations

- All order confirmations available in the Customer Connect Portal.

Delivery

Delivery and delivery status

- All Orthokits and all samples (except FOC) will now be delivered directly from our warehouse to you.
- For safety reasons, sales reps are no longer able to hold kits for you or deliver them personally.
- There is a new format for delivery note for all products shipped from our Swiss warehouse. Over time, other delivery note formats will be replaced by this new global standard.
- Real-time carrier information will be available in the Customer Connect Portal.

Delivery note

- Labels have a new look and will show consolidated POs.

Payment

Invoice

- Invoices have a new look.
- Amounts on invoice will no longer be rounded to the closest 5 rappen.
- We can now create 1 invoice per PO.
