

# To Contact the Supplier Diversity Program

If you would like to introduce your company to any affiliate company within the Johnson & Johnson Family of Companies, we encourage you to attend Supplier Diversity trade fairs or opportunity expos where our buyers are present. You may find more information on the events that our buyers attend by visiting our Outreach Activities page, which lists the events we attend annually. We also encourage you to learn more about our family of companies by exploring the interactive map on this website and by visiting their Web sites or contacting them directly, as each of our companies has different business needs respective to their products.

Please be reminded that our companies may have existing contracts, and therefore, you may only be contacted when opportunities arise for your specific products or services. Furthermore, in some areas, our companies are currently employing diverse-owned suppliers, such as Office Supplies, IT Consulting, Premiums and Promotional Items, Janitorial/Custodial, and Temporary Staffing. However, we encourage you to register your company with us through CVM Solutions as we continuously evaluate our sourcing opportunities. Please note that once you are redirected to the CVM Solutions Web site, all communication and/or submitted data is owned by CVM Solutions and governed by that company's privacy policy.

We recommend that you refer to the Frequently Asked Questions (FAQs) PDF before submitting your questions. If you have further questions regarding the Supplier Diversity Program, or for a background presentation on introducing your company to our operating companies, please send your inquiries to us via email at [mwbe@corus.jnj.com](mailto:mwbe@corus.jnj.com).

By submitting your information, you agree that such information will be governed by our Privacy Policy. Because e-mail sent to and from this site may not be secure, you should take special care in deciding what information you send via e-mail to us.
