

Paolo Minischetti

Immunologia - Neuroscienze Business Unit Director

Paolo Minischetti assume il ruolo di Immunology – CNS Business Unit Director e fa parte del Leadership Team di Janssen Italia.

Paolo è entrato in Janssen Italia nel 2009 come Product Manager tramite il programma IRDP per EPREX. Nel 2012 si è spostato in ESO come Product Manager EMEA per l'ematologia. Nel 2014, è stato promosso al ruolo di Marketing Manager Hematology in Italia. Nel 2016, Paolo è stato nominato Business Unit Manager per IDV.

Più recentemente, Paolo ha ricoperto il ruolo di TA Lead per le Neuroscienze e l'Immunologia nel team EMEA New Business Development, lavorando su diversi accordi globali, compresa l'acquisizione di Momenta nel 2020.

Paolo è un alunno del TAP (Talent Acceleration Program) e dell'ALP (Action Learning Program). Si è laureato in Ingegneria Meccanica presso l'Università di Padova e ha conseguito un MBA presso la SDA Bocconi School of Management di Milano.

Paolo Minischetti

Immunology - Neuroscience Business Unit Director

Paolo Minischetti is the Immunology & Neuroscience Business Unit Director and is a member of the Janssen Italy Leadership Team.

Paolo joined Janssen Italy in 2009 as a Product Manager through the IRDP programme for EPREX. In 2012 he moved to ESO as Product Manager EMEA for haematology. In 2014 he was promoted to the role of Marketing Manager Haematology in Italy and in 2016, Paolo was appointed Business Unit Manager for IDV. More recently, Paolo held the role of TA Lead for Neuroscience and Immunology in the EMEA New Business Development team, working on several global deals, including the acquisition of Momenta in 2020.

Paolo is an alumnus of both the TAP (Talent Acceleration Program) and ALP (Action Learning Program). He graduated in Mechanical Engineering from the University of Padua and holds an MBA from the SDA Bocconi School of Management in Milan.
